

On the 2nd July I wrote a letter to Col. Leigh to
 the following ^{effect} - which was not sent on account
 of the younger Dumont coming to my house & in
 fact denying what I had said.
 I think it necessary to inform you
~~in consequence~~ of a conversation which passed
 between the younger Dumont & ~~Mr. Pitt~~ Manby
 a few days ^{ago} which I heard from then this
 evening stating that Manby had made proposals
^{to} ~~him~~ while walking in the Mury fields, the
 following effect, if he & I then would make friends
 with his brother & Manby he would make their
 situation more comfortable & there would be an end
 to all disputes, he likewise stated that Mr. Pitt
 had said he had several charges he would bring
 forward which would break this Col. if ~~the Col.~~
 could be induced to put one of the party under a writ
 but without that he could not well come forward

In reading this to young Amator He appeared
confused I said that he would wear ^{not} to it & by
I would not send it immediately in the presence
of Maria Eber & the Q. I put it in the
wash hand basin & showed it

I ~~do~~ said he would not have it told
w. of height because he could not wear
to it — & was afraid of the
allways tricks —
