

H. H. to Ld. North

Queen's House March 22^d 1781
7th 11 P.M.

I am glad to find M^r. Minchin's Motion has been rejected by so great a Majority, but I should not have wrote this night had I not recollected that I had not answer'd Lord North's question concerning the propriety of the Gentlemen being presented tomorrow who have been nominated Barons, as the Warrants were sign'd yesterday by Geo, they cannot too soon make their Appearance.
