The Prince of Wales having acquainted the Duke of  
 the Duke of Devonshire of the Royal Family, and having  
 communicated to us the Plan intended to be proposed  
 by His Majesty's Confidential Servants to the Lords  
 and Commons for the Establishment of a Restricted  
 Regency should the continuance of His Majesty were  
 to be prolonged through sickness or incapacity we feel it  
 a duty we owe to His Majesty, to our Country,  
 and to ourselves to enter our solemn protest  
 against measures that we consider as perfectly  
 unconstitutional as being in contrary to and  
 subversive of the Principles which seated our  
 Family upon the Throne of Great Britain.
