I now lay before your Majesty the  
Minutes of the two last Meetings, by some  
mistake at the admiralty L<sup>d</sup> Sandwich  
did not receive the summons time enough  
to attend the meeting of Saturday. as it  
is thought highly expedient that the  
vessel to be dispatched to the Toward Islands  
and Jamaica should sail as soon as  
possible, I shall immediately send a  
messenger to L<sup>d</sup> George Germain. The L<sup>d</sup>  
Wellsborough & L<sup>d</sup> Amherst left their  
opinions with me, which were all for  
an endeavour to intercept the french  
Cruiser, <sup>whenever</sup> in that manner with L<sup>d</sup> Sandwich  
sh<sup>d</sup> judge most advisable. when  
we came to consider the business there  
seem

seemed to be no choice is to the Mode  
vice admiral Boscawen not having water  
enough to enable him to remain at sea.
