Bushy House
June 22nd 1830.

Dear Sir,

" " " "
" Yours, Post-Private and
Confidential" of this day has reached me and of
course gives me increased uneasiness and puts
me behind an excellent business. The paper
of the land both upwards and downwards is now
in your hands and the continuation of the
high and low speculation will increase for
His Majesty's looking pale. I am not surpris'd
at the progress of your increasing anxiety as
I am full aware of your devoted attachment
and affection for the thing. I shall be as usual
- moved at Windsor and ever remain,

Yours truly

J. P. P.
