My Heart was too
full last night to say any
thing to you, not that I felt
less, for I should be the most
ungrateful of men if I did
not feel that during my stay
in England you was my father

should I be could ever any one

which I could show you all
I would do for you, call upon
me whenever you like, be assured
you will always find me ready
to obey & fulfill your wishes.
I shall set off directly from here

As there is no Ship, nor troops
here it may be dangerous staying here
however as I have Your Majesty's
particular Orders to stay here I shall
not remove, though it has been propos-

Soldier I remain on my Post till further

are six frigates out, he pretends it is
on account of my going over and for this
may be true God knows. As I should be

a ship is ready to carry me, till I
have Your Orders if I am to go to

Dear George

You have always been my friend, you will
I should be the most ungrateful of men if I did not
acknowledge you as such; I now write to you & disclose
to you several matters how ill I am treated here.

You know last year I commanded a ship from
1800, to 3000 Men at the outposts, I flatter myself
with some distinction, so much so that I received thanks
from Sr. Johnson; this Campaign I served first under
General Guispart, who when ever he himself marched
with a particular Corps always gave me a command
and took me with him; the last time I served
under General Busch who gave me the entire
Command of the outposts, which was a district
of 12 miles, three days was I continually in
fire before the Army was engaged, & I then

AA

and the last who with my bulwarks covered the
 about, in this retreat I was unluckily wounded.
 Now on my return here to the Army, I was yes-
 -terday told by the Duke I should join my
 Regt & take his command of it; at present
 I command 3000 men, & now ^{major} command
 having sacrificed health & every thing
 for the good of my country to be put back
 to the command of a Regt, when ~~three~~ ^{two} young
 Major Generals have brigades & corps is
 a thing by God I cannot bear, I had
 yesterday a very serious conversation wth
 the Duke he told him if he absolutely order'd
 me to return to my Regt, a thing uncasto-
 -ratory for a Major General, I should
 in order to put it out of his power to say

47147

I disobey'd orders, but that immediately on joining
 the Regiment I should show up my former
 -sin & return. For this was an affront and
 Dishonor to me. Did my fault, I was wounded!
 and found to quit the Army, had I done
 wrong, so let me be tried; but never on I
 once surprized. You must own this Court
 - must is not kind; n^o Dally has at present
 a corps of four battalions and a Regt of
 Cavalry under his command. I beg
 entreat You dear brother try to get me
 into Your British Service; do or I
 must by God get into another.
 If You had been the command I now
 command I should have a Post, & by God
 I would do my Duty or perish in the
 attempt; my whole heart is in you.
 My services & I wish to be made
 free persons, but unless You give a

power no body can be held. I believe
my success has wrote to you for the
same purpose. I say do not forget
but think some times will find broken
Boat. I flatter myself soon to get
a letter from you.

Dear George

I seize a favourable opportunity of writing to you by Colonel Gascoigne of the Guards who goes to England for 3 Weeks; I have much to say to you, & by very sincerely your advice concerning how much you see always from your own friends. My Friend's Removal for his whole family to England is a certain sign that he does not return; this is a critical moment either a last opportunity in which will come & or shall begin again, or our Troops will be recalled; in this latter case I am firmly decided to return to England, nothing shall persuade me to go & live at Hannover; should this happen they & indeed you will give me timely notice, for I shall directly

I am amazingly so & long, and wish

should not be at the nuptial of
the Accomplish'd lady your Sister.
