Sir

I think it proper to inform your Majesty that I have lately received two Messages from Lord Shelburne, to the last of which I have returned an Answer. I place so much Confidence in his Lordship's Honour & Integrity that I entertain not the least Doubt of his having reported faithfully to your Majesty every Sentiment that I conveyed to Him; Being sensible however that your Majesty might think me negligent & wanting in due Attention, if I was wholly silent on this occasion, I will so far presume as to assure your Majesty that the Answer I gave was dictated by those Sentiments

Attachment of Honour and Devotion  
which I shall ever bear to your Majesty  
by Person & Government & by no other  
Motives or Considerations whatsoever.

I am with the most pro-  
found Respect

Your Majesty's

Dutiful Subject
