

A. le. to hd. Keppel

July 13 1782

4861

The Account Lt. Keppel has sent of the Dutch Fleet being out of the
Texel on the 10th shews the intelligence I mentioned having received yesterday
from Rotterdam was founded; I suppose by this steering they mean to go along
our Coast and perhaps some of their line of Battle Ships may go so far
about to join the Combined Fleet.
The Dutch will feel this fresh blow on the Coast of Guinea.
