A thousand thanks to
You my dearest Father
for the beautiful present
You were so good to send
me today. I wish only
that I had received it from
Your own hands as it
would have added double
value to the gift.
I am however not the
less sensible of your kind
remembrance of me &

? 1811-12.

wish very much to thank
You in person, that happy
moment will not be
far distant I hope.

I trust You are not
much fatigued from
the Visit You had this
morning, the time will
soon come when I trust
You will have nothing
to distress or torment
Your mind

I hope You will ever find
I believe me

Yours very Affly

& truly dutiful
Daughter
