

My Dearest Papa -

I do not know any
 time in my life when I have
 delighted you with your kind
 in saying after me I wish
 you of the same letter &
 present the same is quite
 beautiful & I only wish that
 I may do it to the best of my
 to the good taste which has
 been shown in choosing it &
 its own intrinsic merit I
 will undoubtedly send
 to you as it is most fitting
 I had found with the best
 pleasure to the 30th when
 I hope to be quite well

to be able to stand off the
Crown — ^{?gown} My father
refused but I remain still
bound & condemned to take
what care & pay upon
the paper — If you are
able to call on Madam
I shall be very glad, as
I am always most happy
when I see you — You
will find me at the
Hall, I think I am
about now in it, I have
no doubt, perhaps, has been
the best but of course
I shall be quite strong by
that time, if I will, only
be quiet with it here.
