My dearest Mother -

As I heard from Mr Henry  
Balfour that you were gone to  
Windsor I delayed writing till  
I thought you might be  
returned - I recd. the packet  
of Leeds' communication from  
you in which I understood you  
were so kind & so feeling to  
wish I would become either one  
of the Archbishops or Bishops  
for every reason of personal  
affection to you & the Bishop  
I feel for the subject matter  
we may discuss if you will  
allow me to say that no one  
I am sure would be more than

These circumstances from, as  
your Honour's  
I have this afternoon to add  
that I am particularly requested  
in the name of Lord North &  
his Daughter to present to their  
respected Duty to you with  
every dutiful respect of their  
for these few precious  
permission & the very handsome  
manner in which it was done  
By having me here

My dear Mother  
Ever thy Affectionate  
& dutiful Child

Charles Pitt
