My Dearest Father -

I cannot sufficiently express
how grateful & pleased I feel
at your kind letter & the ⁴ papers
contained in it, & wishes for
the full & explanatory manner
in which it is written. I am
sure you will do me the justice
to believe that I never wish
to give you pain, & that therefore
I read with concern the in-
convenience it gave you to write
with regard to other debilitated
circumstances, I should for that reason
never have suggested our meeting
upon that, but for the notices
you so fully & kindly comprehend.
It is a very great comfort

to me to know of your
anxiety, that you have received
my letter in the absence of
intention - As I trust to your
letting me know when you
be able to come, it would be
wrong to detain your course,
travelling as far as by business
the time we remain

My dear brother
Yours truly
Dorothy Pitt
