My dearest Papa —

I am most tenderly

loving you with a note with
my respects of having been
loving the fortunate to
be with being in London
as you left me before
of sending around by
colony today for my
copy yesterday but
as I find you have
long to Windsor
& that I shall have
no chance of seeing you
you must be so good
three times & my

assurance of always
being most happy
when I am with you
I feel I hope to please
you to in person
on Monday when
I feel forward with
infinite pleasure
both to the party
you have been to since
to the presence so
well as being seen
every day during the
week
Believe
me ever thy devoted
Every one
wishes
to write
to you
