My dear Countess —

I received yesterday a letter from Beate which gave me great satisfaction as it did both the King & Queen, I am happy that the first step is taken, I wish I should have been very necessary had I know when it was to have taken place, I should be glad to have a line from you or Beate, to let me know how the dear Child goes on, You will order Druridge to put up a bed for you in Miss Gale's Sewing Room, & you & the may dine as if you like it

MSB
in the large Room on the left hand of the
entrance into the House. I shall give orders
myself about Mr. Seate where he is to
lay in Southen Room, which I approve of
especially, as too much precaution can
not be taken. God grant the dear Child
may get well through it. Pray give
her a kiss & a blessing from her Papa.
God bless you & your dear family with many
thanks for your attentions to my Child
I ever am,

Your affectionate
Dad for Lizzie.
