Blackhith House [9.1801]
July 29th

Sir

Having been from home for some days I was not honor'd with your Royal Highness's commands until this morning I shall lose no time in giving orders to have my House at Blackhith prepar'd for the reception of The Prince of Charlotte. I am assur'd it is not in very good order having been very long uninhabited. The situation however

I flatter myself will render it agreeable
to the Princess of Wales.

I have the honor to be
Your Royal Highness,
Most obedient
and most Humble servant
