My dearest Brother I have no time for
acquainting you that I have
continued under the Rose to see
Miss Knight who has given me
been in strict confidence to
inform you how overpowered
& penetrated she is with your
thinking of her absolute necessity
to place her dear young
Daughter. She does not disguise
it is the situation of all
others she should feel gratified
to accept as her offer for
this family is such that
she is rich enough to claim
she might be of use not
only to Charlotte but cherish
to you & to us all as

1878
Duty & affection would be her guide
added to that she really
loves Charlotte & she knows
Charlotte returns ^{her} love
very sincerely - Through the
Queen has promised not
to bias Miss Knight - Miss
Knight has fairly told
me the Queen by what
she has said & done by
manner has clearly
shown her she does not
wish her to accept
the situation - therefore
in the first instance
she has thought it
right to refuse it

but if you still wish her to
 accept & will make an
 other attempt through her
 friend & write your letter
 as strong as possible —
 Miss Knight has promised
 me she shall be put to
travelling by the advice
 of her friends & reminds
 = return & her friend
representing she over it
 to the family to your
under
see your present difficulties
 to the Queen when of
 course will have the
credit in the world for
opening her up &c &c
