My Dear Papa -

I have received this by
letter from my Aunt Phyllis
written to the Earl that the Queen
has not fixed the Evening, but the
Tuesday of Wednesday one while
to be just as soon as you please will
be quite convenient to her -
Augustine & Phyllis have the two that
come off this time, the latter
is still able, but I have tried
with an effort of sufficiency, as
she fears my presence she coming
if not better today -

I am delighted at the thought
of the dance, & thank you so

Thousand times for it, ever with
your kind comfort to the
yesterday which I hope will
be repeated soon again
They I beg of you to let me know
if we Ladies are to come in
two there; an important question
as it will make a very material
difference if some are preferred
to others & I am sure both will
then have little to be said
adieu Dear Madam

Yours affectionate
Friend
Elizabeth
