My dearest Papa

I have just
received Mr. W. Holford's
letter & am indeed
quite concerned to find
that you are bound
up particularly as
well as all at the
last the last period
with much pleasure
to bring you here
on Tuesday - I trust
and that I hope
you will be
in a state of health

Mountains of White
Hills, but at the
same time it is
impossible for me
not to feel excessively
sensible for the Duke
& Miss Knight, who
are treated nearly
the same, even
with respect to their
wages, when you come
here, to find that
My brother & I are
absolutely obliged
to meet a deed
but I am sure you
that it is visible
to all here, that
by the manner in

which the Queen now
treats me, she thinks
wonder too. But for
all this I make no
complaint to any
one, but to you
I write so things
worthily here, for
indeed I would
not have anything
from you - I hope
you will soon
be quite well
again & being
your very affec-
tionate
Child
