Tuesday My
12th July:

[1814]

My dear Father —

As I received your
command to send you
two today, he has two
& three, I should now
be preparing to oblige
them, but I find them
suffering to such a
with my success, added to
the expense I have
been in the whole of
that I intend to
will send the bundle
to you, I do not
to you, I do not

instead you will come
here, as I am most
anxious to have some
conversation with you
nothing would have
induced me to have
made this request
had I not really been
in a state of debility
that would not permit
me to attend
of the House

Believe me
My dear Mother
Yours affectionately
