My Dear Sir

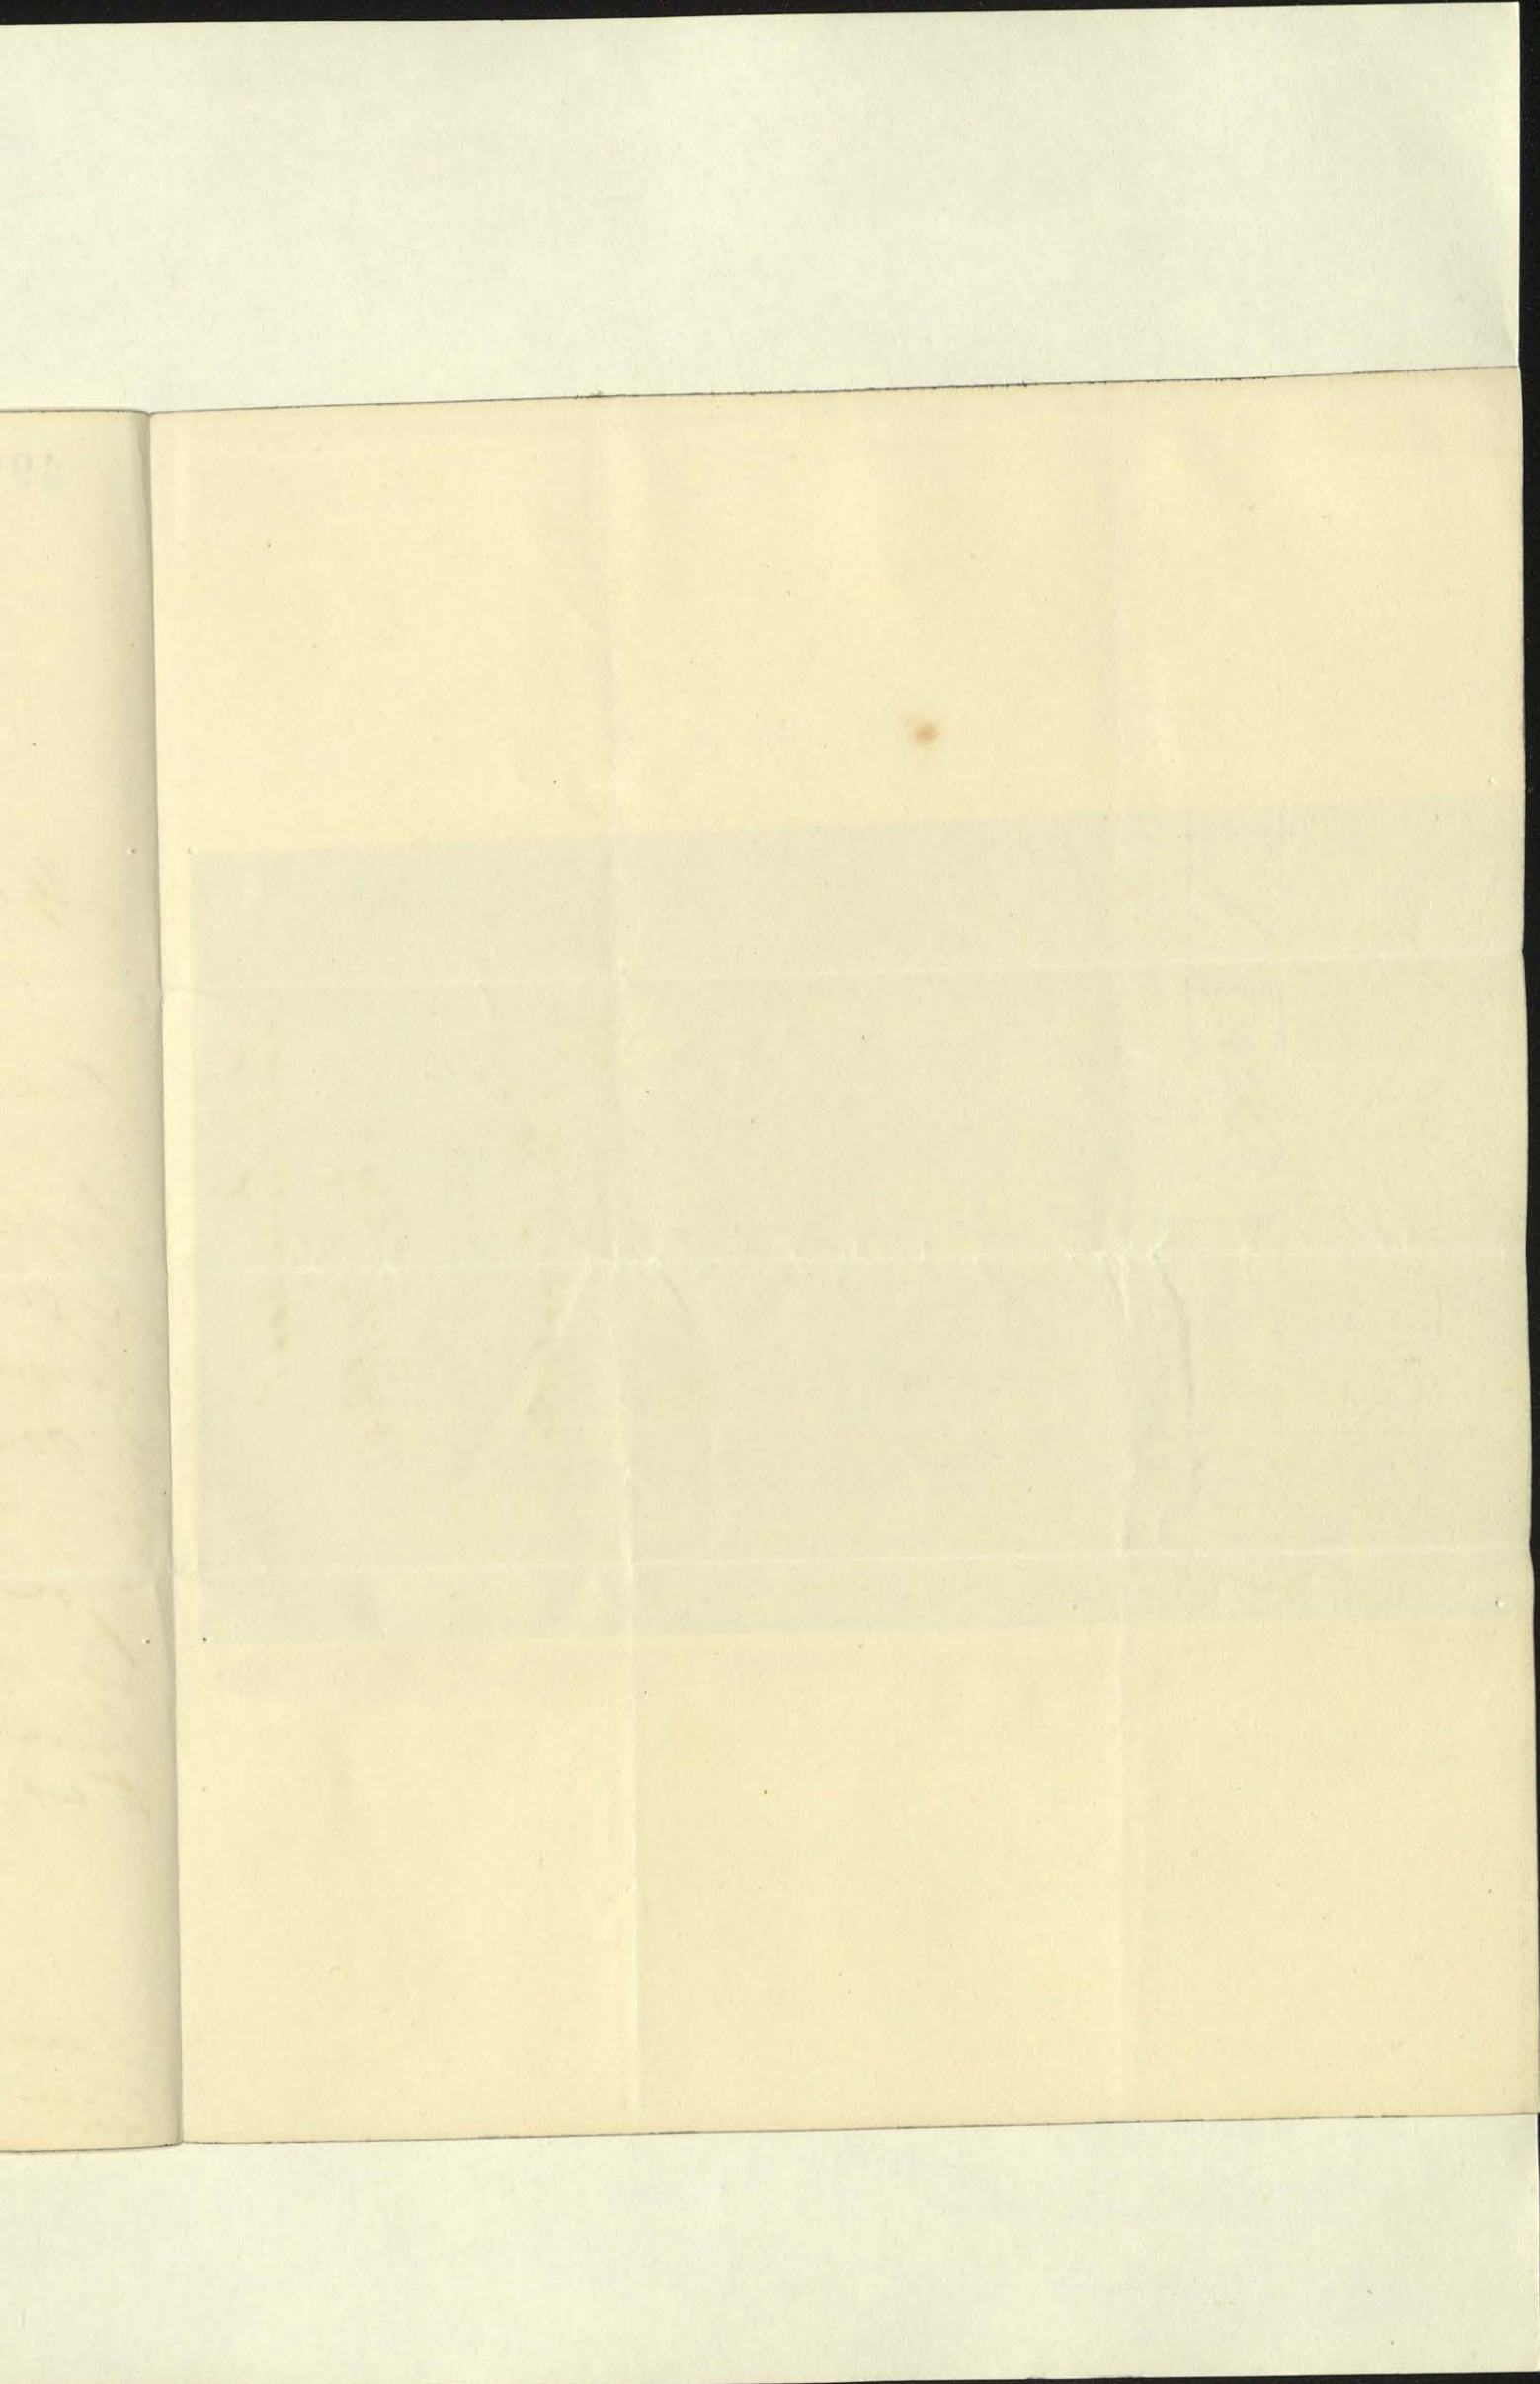

Have the goodness to let the  
Prince Regent see this as soon as possible,  
this my humble advice that His  
Royal Highness should not refuse the  
request or at least that He should  
permit Prince Charles to properly attend  
to go to the Prince of Wales with a commission  
on Saturday

You will observe that the application  
is made in very proper terms and  
that the request may be undertaken  
to us in our debate on Monday  
I am with great respect  
Yours truly  
John Lubbock

Have the goodness to be assured  
that we are always as  
soon as possible
