2^d August
London 1000.

My dear Father.

I have just received a Packet
which has come to hand as to time, &
for which I beg to return my best thanks.

I am sorry to see by the papers
that a Packet was ordered to attend me
at Weymouth. if it is not quite decided
that I am to go there, might I beg
to say how much I am obliged
it would be to me, if I could go
either to the Duchy of Hampshire or
Sussex woods, the air of the latter being
always particularly good with me
I could not but think of the remembrance of
the King of Spain's death (having been
at Weymouth) would be very unpleasant
to me under my present state of

health & Merit, & besides the dis-
-ference I should be removed from the
medical assistance I have the most
confidence in — I am sorry to
say my time has since been much
more than within their jurisdiction
& I have been obliged to unwell
to go partly — I have received
a letter from my Mother informing
me of her Distemper, which I have
enquired by Drury that that she
may receive it before she goes on
the 6th I am sure with
satisfaction that to the I

relative are

My dear Mother

Ever Dear & full
