My dear Father —

Before I leave the  
Belgium of being here today  
I am very desirous of expressing  
the very high satisfaction  
I felt yesterday at our  
interview which however  
affecting to us both will  
I hope tend to a complete  
reconciliation for which  
I am at least as desirous  
as yourself — allow me  
at the same time to  
express you of the satisfi-  
-cation I have this  
morning felt from the  
communication I had

with Mr Adam reflecting  
my friend Miss Parson

Rebelle me

My dear Mother

Ever affly
