Sir -

I am again under the
necessity of addressing you, and expressing
the surprise and displeasure, that is felt
at your having so long delayed replying
to my letter - A note has since been
received from you, but I am desired
to say, that it does not alter the plan
of conduct already firmly determined on,
and that it is required that steps should
be taken immediately, to forward the
compliance to the commands contained
in former letters in so much as possible,
all of which are expected to be strictly
attended to -

d. d.
Wm. W. Wynne
