My Dear L. Kitchin

I found a note on my return home  
from a certain personage mentioning that  
he had appeared at the Drawing room,  
& wishing that some means should be taken  
to check such an outrage. But I think  
it will require some consideration  
we can talk it over when we meet  
today which I presume we shall  
at C. H. where I shall be between 12 & 1

Yours very

W. Adam
