Warwick House

My dear Father

I feel very grateful for your not urging
me any more to make the distressing com-
munication myself to my Mother (wh.
I felt it perfectly impossible for me to do)
& for entering into my feelings upon
the occasion — It is my
duty as well as my inclination at all
times to comply as much as possible
in any wishes of Yours & I not only
agree with you, in your opinion
of the necessity of abstaining from
seeing my Mother if she returns
to England, but pledge myself
on my Honor from this moment
not to write directly, or indirectly

To Her —

Believe me

My dear Father

Your happy

Daughter

Elizabeth
