At James let Dubouquier coming
with that of his line from me to you
My Dear Mr. P. I have read the
proceedings of the Staff of the
General for quite a long time with
pleasure and it is a fact highly
interesting to me that you should
at that time thought it proper to
recommend a list of the letters &
wounded to be sent me - I must
sincerely hope to see them & that
you should have thought of them
but what a loss it would have been
if possible to have had all of them
in return, I must be sure
that I was the best possible
of it - I am the only one
five days on Tuesday I must
be most fully disappointed if
it were to be - I am
best loved - Adieu
