Clevesmont -
Ten o'clock P.M.
November 4. 1817

Sir
I have the honor of communicating
to your Royal Highness by
the express command of The
Prime Lord, that by infor-
-mation from Sir Richard
His Royal Highness
The Prime Regent. Cosb

and Dr. Baillie, her Royal Highness
 The Princess Charlotte has been
 in labor for twenty seven
 hours - The pains are represented
 by them as slight, and the
 exertions of the womb as less
 vigorous than they ought to
 be - These gentlemen however
 believe, that the labor will
 go on successfully - but
 they begin to doubt, whether
 some artificial assistance
 may not become necessary -

While they state this, they are
anxious your Royal Highness
should be aware, that such
assistance is neither attended
with increased pain or
danger.

Mr Sims at the request of
Sir R. Croft. has been sum-
moned from London -
I have the honor to be with the
most profound respect

Yr
Your Royal Highness, most
devoted and obedient servant
