The King

5072

It is presumed, the King's Ministers are not yet informed, that  
Dr. Franklyn is <sup>the</sup> person, who is to negotiate <sup>on the part of Congress,</sup> the Treaty, in case  
the present preliminary articles for a General pacification  
shall be accepted by the Court of Versailles.

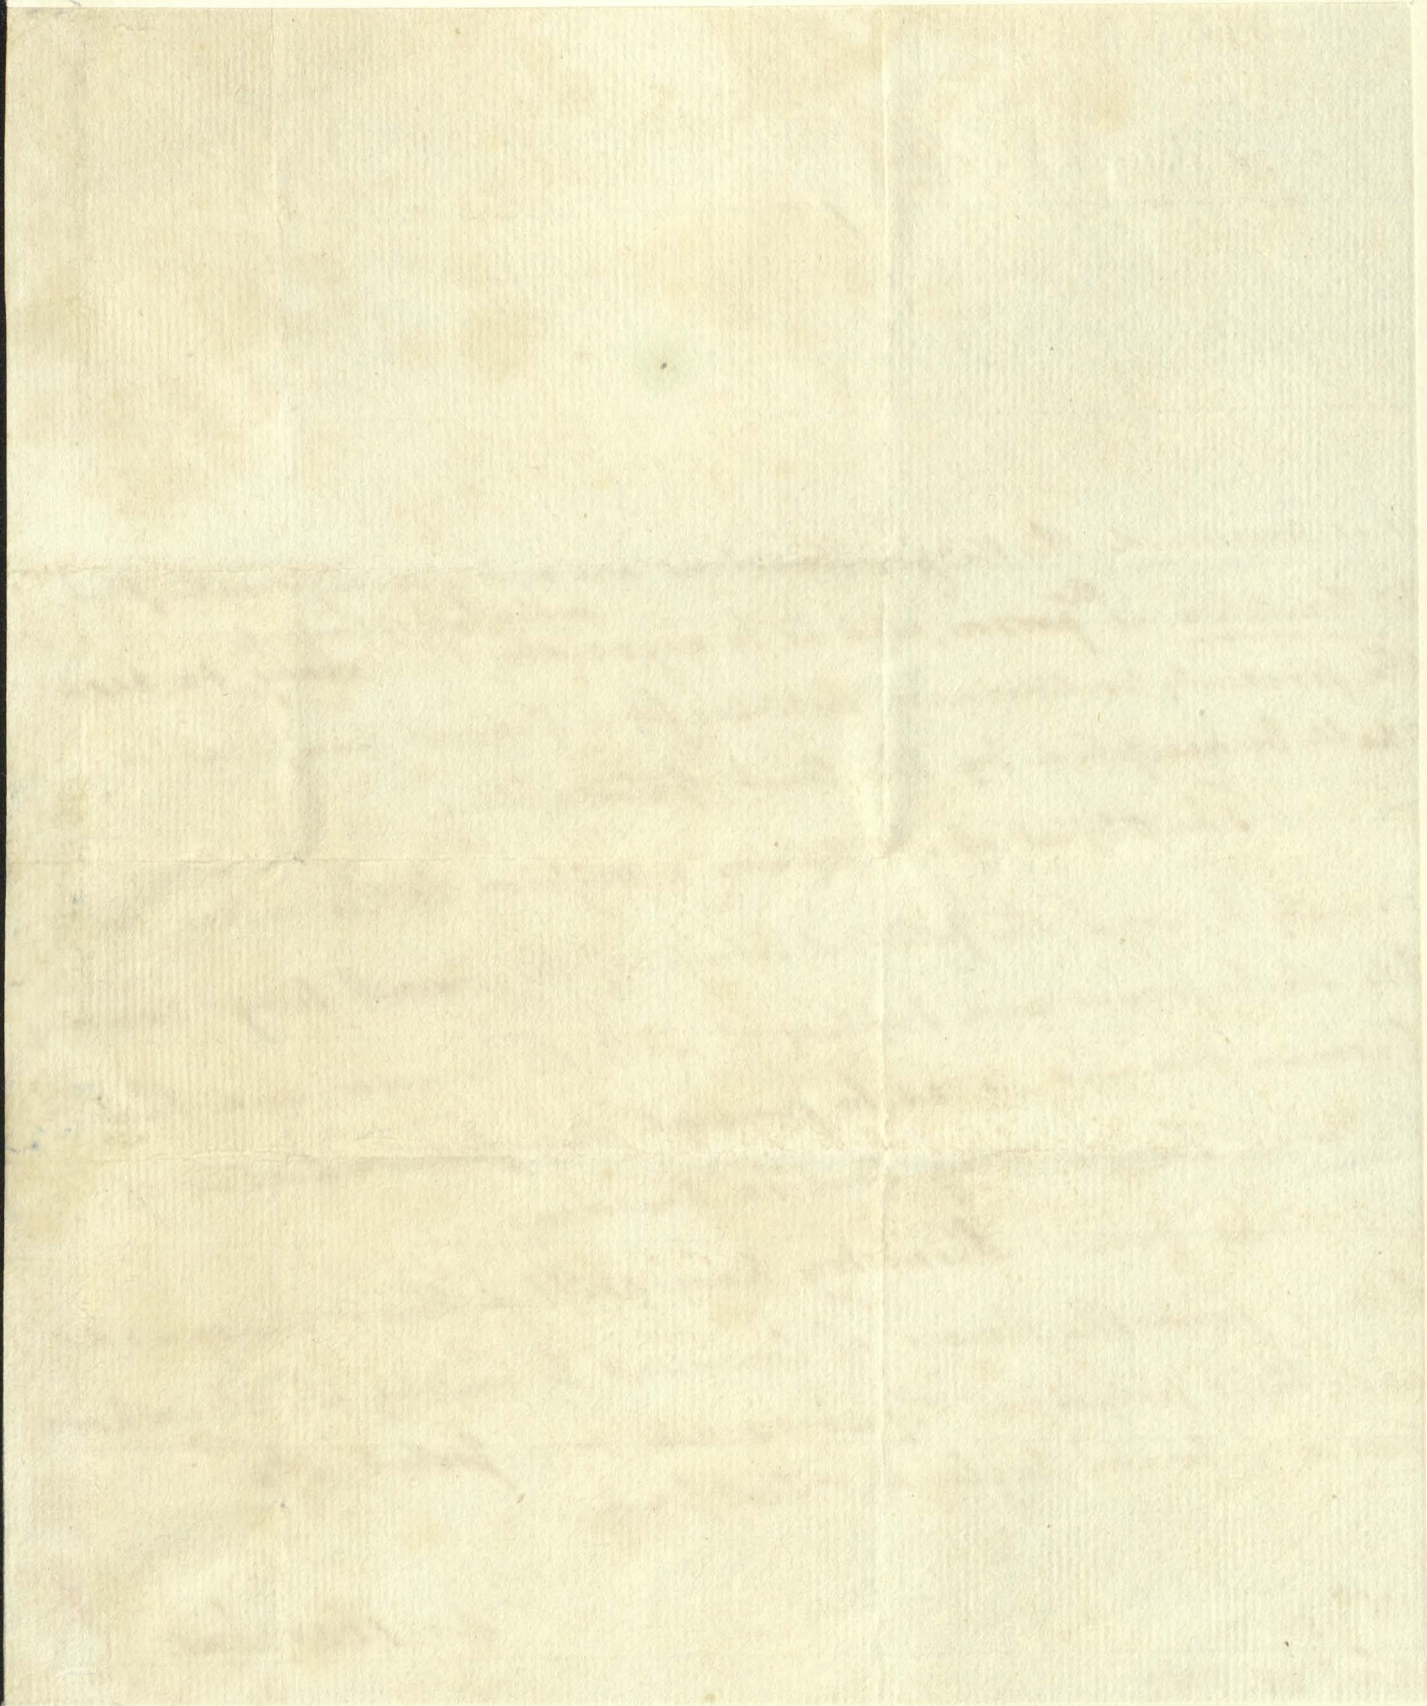

The Object of Mr Adams's mission to Versailles, is  
strongly to urge the political Fitness of the French King's exerting  
his whole power and Influence with the Emperor, and the  
German princes, so as to prevent any future Levies of  
German Troops being sent to America.

The French Ministry have shifted their masqued  
Battery from the Houses of Commons, to employ it elsewhere,  
and their principal object is now to dissolve the  
Union between England & Scotland.
