A List of sine-cures
 Offices, omitted in the
 Account marked B.

The following Employments are of great publick Utility, tho' the proposors of them have in a great measure converted them into Sine-cures, consequently their Salaries might be saved and the Business to be conducted by their Deputies and Clerks as at present.

But they may be left as they are if it shall be thought proper that the Minister for the time being sho^d have some easy employments of that sort to bestow on his dependants.
