Many thanks my dearest Brother for
your kindness in leaving me your letter
last night which I return you with
much gratitude for the active part
you are so good as to take. I am
this instant returned from M^{rs} Swollenberg
you beg me to acquaint you by a
letter she has received she thinks P. E.
is already on his journey and wishes very
much that you would have the goodness
to write him one line if possible by
so deep post to acknowledge his letter &
your approbation of it. I hope you
will my dear Brother forgive this
scrawl. M^{rs} Swollenberg wishes
that you will send her the letter

as she thinks it had better go under
her Cover. I must again entreat you to
forgive my being so troublesome but
you must only excuse your own
kindness which encourages me to
act with so much freedom.

Adieu my dear Brother

Your affectionate Sister

Charlotte Augusta Matilda
