My dearest Brother

A thousand thanks for your  
letter and the Parcel that accompanied it  
had I sooner known where to direct to you  
with safety I should on Monday have  
acquainted you as I know the kind  
share you are so good as to take in whatever  
interests me that on that day I received  
a very handsome letter from the Prince  
which I shall have the pleasure of  
showing you when we meet which is  
to be I hope soon after the seventeenth  
the Day the King has now fixed for  
our return to Windsor.

On Saturday last we were out to  
see the bird I own I was much

amused and regretted that you were not of  
the party.

Eliza sends her best love and I remain  
my dear Brother

Your affectionate Sister

Charlotte Augusta Matilda
