Duchess of Württemberg

Sir

How shall I find words to express the Joy and Gratitude I felt in receiving Your Majesty's gracious Letter of the 22^d of May. I can assure you that both the Letters you have done me the honour of writing to me since my Confinement have done me a great deal of good, I read them over frequently, and always thank God for having given me such good Parents who constantly remind me of my duties and I may say their goodness and affection will ever be a motive for me to try to make myself worthy of them.

I continue so well that I am in great hopes that the Physicians

will agree to my remaining at Louisbourg
 as they wish me now to drink either the
 Schwallbach or Pyrmont Waters as they are
 stronger than those of Deinaich, the Baths
 I can equally take here as they must have
 had the Water brought to Deinaich the trouble
 will not be much greater. It would otherwise
 be very difficult for me to act about Foinette
 to leave her alone would be awkward, and if I
 took her she must lose her Mother and as
 I cannot while I take the Waters walk a
 great deal I could not give her up
 sufficient time to make up for that loss.

Besides which as the Duke must go
 to the Wellbath: it would be awkward
 for me without an absolute necessity to
 be at a Public Water drinking place
 without him, which has made me
 very desirous of this alteration, which

I trust Your Majesty will approve of; On
Sunday I went to Church for the first
time, there was a public thanksgiving
for my Recovery which was very awful

I follow Your Majesty's advice very exactly
about taking exercise going out regularly
twice a day and spending the whole Evening
in the Air.

The Duke desires me to present
his humble Duty and I have the honour
to be with the greatest respect and sincerest
attachment
