Sir

I hope Your Majesty
will allow me with the Dukes
humble duty to present our joint
Congratulations on this day. I
hope the Almighty will long
watch over Your Majesty and
grant You his choicest blessings
Every day I feel more rejoiced
at being at home and having
it in my power to walk out
in this fine Country which is
as beautiful as Ettingen and

all. Francoise is frightful. Few
 Countries are so totally deprived
 of every thing that is pleasant
 hardly any Trees and those
 only Taro no verdure and nothing
 but deep burning Sand. Here
 we have the advantage of
 having all the finest Forest
 Trees and many Exotics. Since
 the Duke was in England he
 had had some plants left out
 in the Winter which used formerly
 to be housed and they have
 succeeded very well which will
 now encourage us to make more

trails. The Hongoos are in very
good health and two young ones
are born which are great beauties
Every body comes to see them
and they are much admired.

I will now take up no more
of Your Majesty's time and
remain with great Respect

Your Majesty's

Most dutiful Daughter
and devoted Subject
