My dearest Brother

I hope that you will now soon think of spending some months at Brighton as your health is ever the better for sea bathing. I am glad to hear that my niece is already settled at Heymouth trusting that the air of that place will give her up against the Winter.

Knowing my dear Brother that you are interested in every thing that regards Germany I take the liberty to enclose a Description of the Empire and a little work which has been published regarding the States of Wurtemberg which I think well written and worth your reading.

The King desires me to present his best

Compliments and I remain with sincere
Affection my dearest Brother

Your Most Affectionate
Sister and Friend
