My Dearest Brother,

My Heart is so deeply

Afflicted at the dreadful account I received
last Night of our having lost our beloved
Brother Frederick that it is hardly in my
power to write. But it would be doing injustice
to my feelings were I not to express to you dearest
Brother how much I am affected by your
great goodness in having thought of me at
such a moment and ordered Mr. Fenwick to
acquaint me with the severe Calamity which
has afflicted not only our Family but the
Nation.

will watch over you under this heavy distress,

resigned Frederick was.
