

Hered. Princess of Brunswick

51982 - 3

Sir

The wind is still in the same corner
so that there is nothing but patience, &
a good quantity I ought to have taken
there is any obstacle that hinders me from
hearing from you.

Lord Edward Bentinck is expected here
every day I shall give a letter to his Govern-
ner for him to bring to Lord Weymouth, he
travell'd with him & M^r Thyn.

Mademoiselle de Chaire desires me to make
her most humble duty & to thank you for
the pension you have assign'd her. she is
vastly courted by all her country people
who all think her rich, & call her cousin
tho' there is not a shadow of relationship.

Count Galoufkein & his Wife is here, & is
very sensible of your goodness, & is the P.
who did if you remember interested for him.
