Sir

I received yesterday Your obliging letter,
to acquaint me that the Queen
was safely deliver'd, the 2th of a
Prince. I desire You will receive
on that occasion my sincere con-
-gratulations. I do not know if I dare
desire ^{You} to assure the Queen how much
pleasure it gives me, to know that
she, and the Young Princeps are so well.
The King has order'd me to tell
You.

that he is much more pleased
with England, than with France.
he will arrive here the 15th of
January which makes me vastly
happy. I desire You will believe
that I am Your most affectionate

Sister
