In y<sup>e</sup> first place I am extremely rejoiced to hear my friend  
is in a better state of health & a better  
way of thinking & that you have prevailed  
on him at last to do what he ought to do  
Comply with all his friends thought  
there could not be the best room to  
hospitalise about upon.

As to my Sussex friend I think I may  
safely venture to undertake for him  
I will write to him by the next Post but  
it will be impossible to get any Order from him  
before my Order for his Agents before the  
grand Ass. Meeting on y<sup>e</sup> 31 Instant the  
Distance will not admit of it within y<sup>e</sup> time
