106-

I receiv'd a letter from the
King last night, in which you are mentioning
My mother told ^{to} him, that I had in the
summer brought you a message from the
King, by which you was accus'd from any further
Duty about my Brother Henry; now as I am
very certain that you and I never ^{talked on} name
this subject together, and ^{conceiving} that it is only
a misunderstanding of my Mother's I wish
you would clear me to the King by your
answering ^{this} ~~my~~ letter -
