Sir

I have sent you another bill of Fare for Her Royal Highnesses Dinner, & Supper, w<sup>ch</sup> is i: i: less for <sup>the</sup> Day that you had before; which may easily be perform'd, if Extravagant made Dishes are not required.

The above Diet for the Bed Cham<sup>r</sup> Woman is as low as can be, if any thing tolerable is allow'd. That you may not be at a loss in any part of the Expence which will attend that Table, I have sent you the acc<sup>t</sup> of necessarys for the Side-board. I did not mention that of Her R<sup>ty</sup> High<sup>ness</sup>, because I thought that might be more proper for your Direction.

As to the Spicery &c. required for the Nursery, it will be necess for M<sup>r</sup>. Herbert to give her orders for them, that I may justify the delivery, & give a more exact acc<sup>t</sup>.

I am Sir

Your Humble Serv<sup>t</sup>  
to Com<sup>d</sup>  
John Grove.
