My dear Mr. Butler

The King has passed a
very mixed sort of day at times
silent & quiet at others much
burred & incoherent and I
wonder when we heard last

My dearest Mother

I hope to hear from you
and in the way the more for
knowing how at London yesterday
& not intended your cold with
going in the water on the
Foot Packet - The King has had
a good sleep & more quiet &
silent than we have heard
for some days before, but
since he got into bed he
has begun talking & singing

Yours affectionately

My dear Brother

considering that the
King had no sleep ^{for} ~~two~~ night and
no sleep in the course of this day
he has been more quiet than
might have been expected, though
the mind fully occupied and
all about going a journey yet
he has not talked much &
commanded himself better
than he usually does after
such a number of hours without
sleep - It makes me wonder
he should get not to sleep

Nothing has passed
but our employment day talked a
great deal at times and
refused his dinner & has
been in an uncomfortable
state of mind full of a
long journey - but towards
7 o'clock went to bed and
dropped a sleep immediately
& was still asleep when
I got up -

There has been but some
unpleasant day struggles. The King had
three times sleep after his breakfast
yet he has been unwell and
dyspeptic. He again refused
his desires to stay and I
am sorry he could not be carried
to bed & undressed by force, since
he has got into bed has
talked & laughed as usual
& in appearance of sleep but
