My dear Brother

I don't think I sleep
well to day by many degrees as
yesterday having had a bad
night & her husband not having
had the desired effect

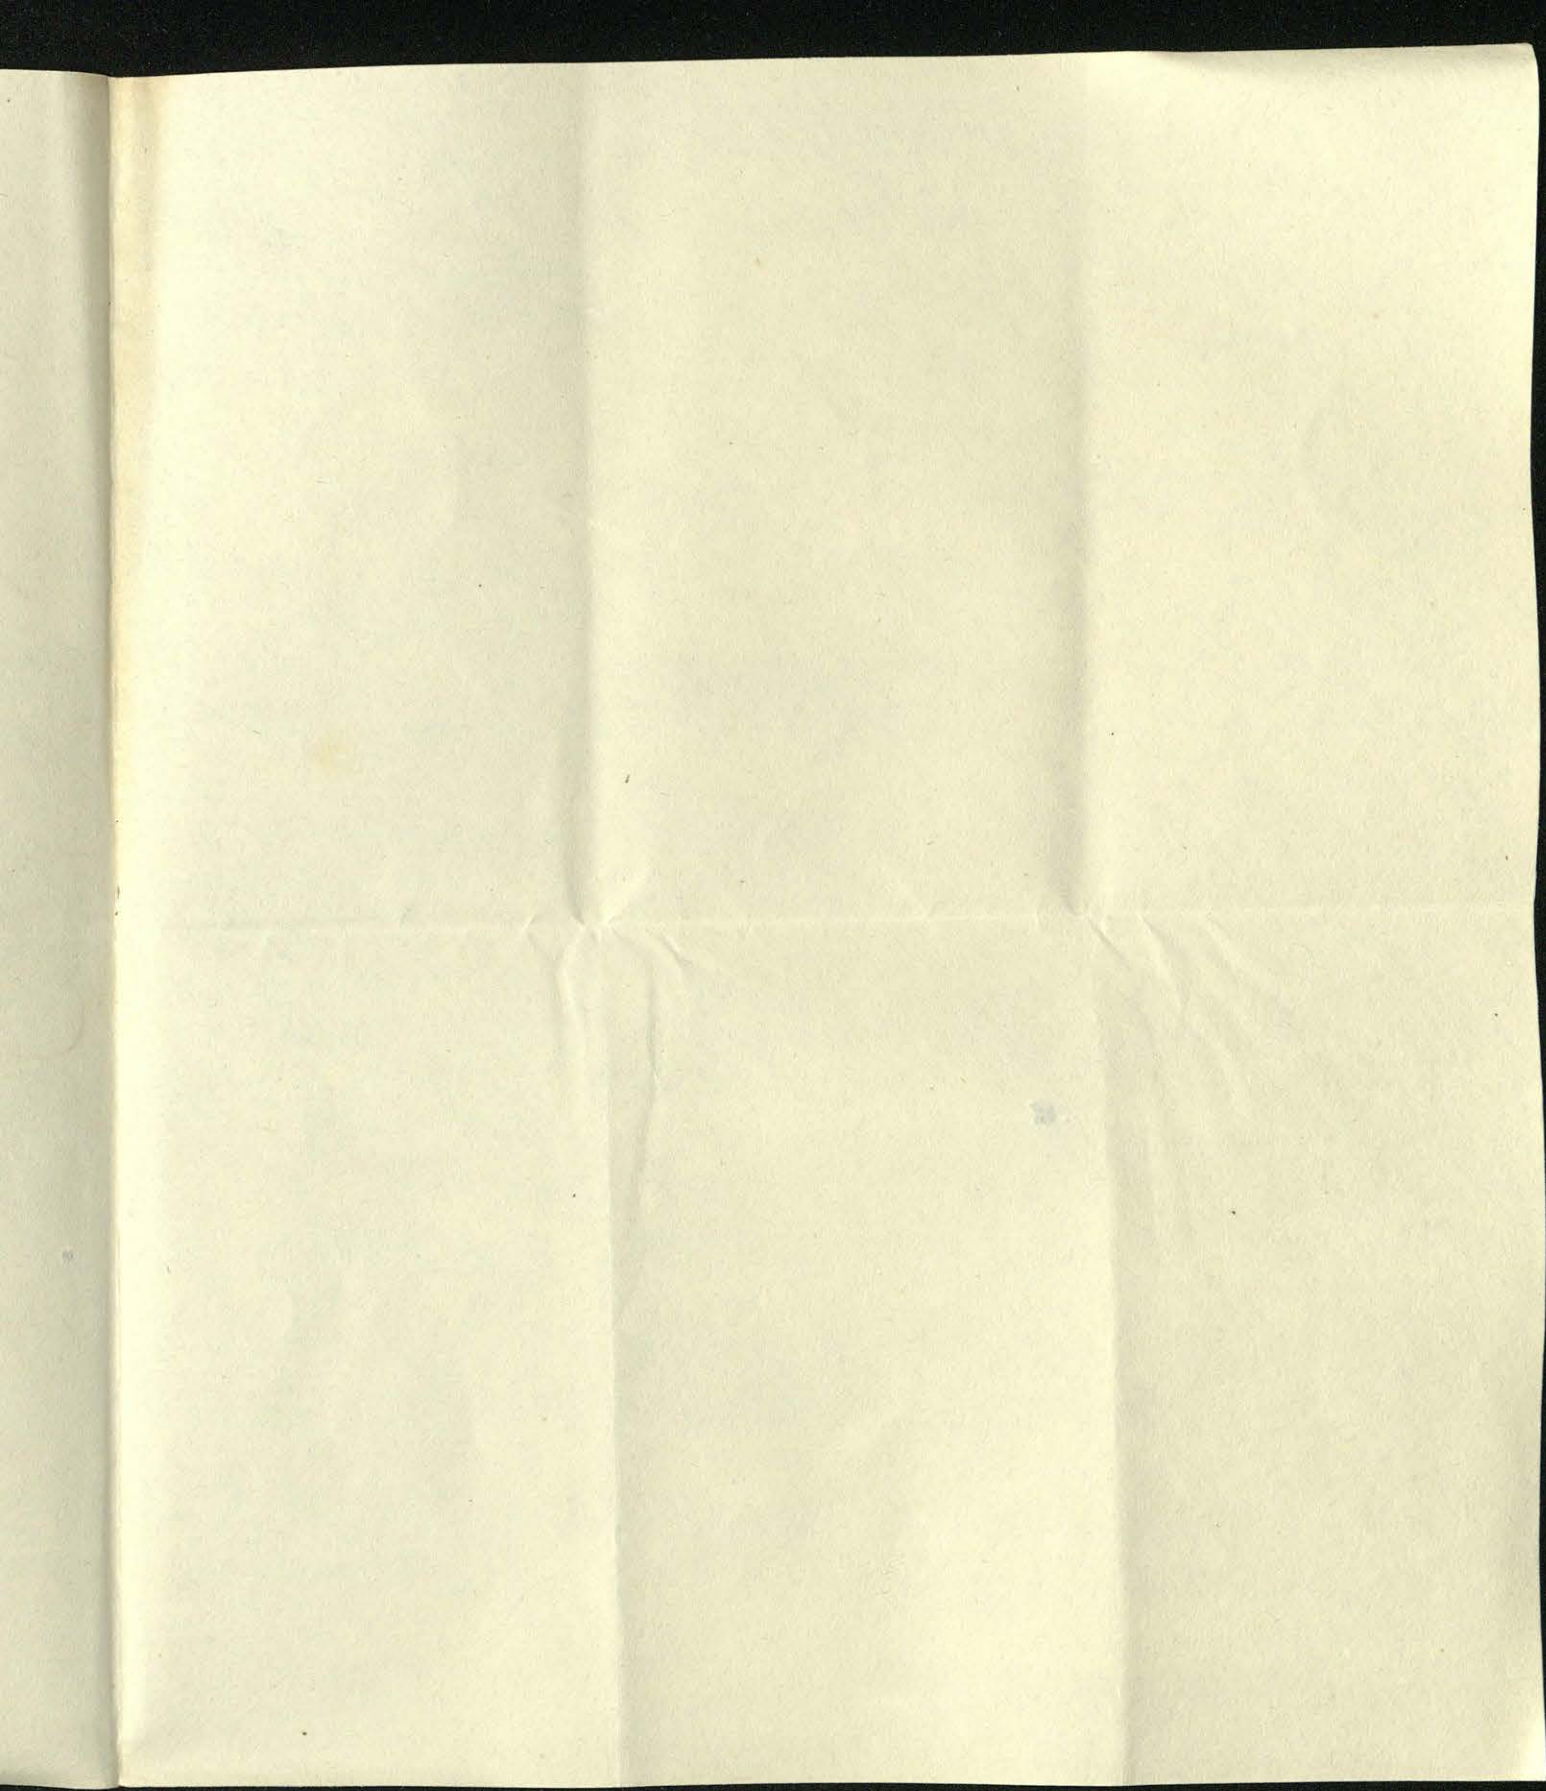

The King is great - Lady Hester
dined with us to day & says
Charlotte is suffering from
the effect of her tea

My dear Brother

The thing is great and
surely I hope not more but
certainly not so well to believe
we there last two days —

My dear Brother
We left London this
morning about 10 and
returned at 12 and
came on to some place
evening - We left the King
and I only was to
venture out again today
the matter being in
fact -

My dear Mr. Burtin. I went to Richmond
Park yesterday & dined with
Mr. Selwyn & family. The
day was delightful. I
found the Game in a bad
deplorable state, but I hope
soon it will have a better
appearance. I left the
agent & did not reply you
a letter - Yrs
